## About Sand Run Supports ... and our people

I received this poem when my daughter was 2 and diagnosed with epilepsy and developmental delay's due to her brain undergrowth. I was reading the paper last week and it was published in our local paper under Dear Abby.

I always knew God would not give me more than I could handle and I always said out of my whole family with all but 2 having children...and they are very healthy children, God knew I would be the one who could handle a child with disabilities. She is my blessing and my gift.

I would like to share this poem to all my friends and family and maybe you know someone who you can share this with...

### HEAVEN'S VERY SPECIAL CHILD

A meeting was held quite far from Earth.  
It was time again for another birth.  
Said the Angels to the Lord above....  
"This special child will need much love.  
"Her progress may be very slow.  
"Accomplishment she may not show.  
"From the folks she meets down there.  
"She may not run or laugh or play.  
"Her thought may seem quite far away.  
"So many times she will be labeled  
"different,' 'helpless' and disabled.  
"So, lets be careful where she's sent.  
"We want her life to be content.  
"Please, Lord, find the parents who  
"Will do a special job for you.  
"They will not realize right away  
"The leading role they are asked to play.  
"But with this child sent from above  
"Comes stronger faith, and richer love.  
"And soon they'll know the privilege given  
"In caring for their gift from heaven.  
"Their precious charge, so meek and mild  
"Is heaven's very special child."

With great love and gratitude,  
Anna Schrader

## ***Random Thoughts for the Day***

I think part of a best friend's job should be to immediately clear your computer history if you die.

Nothing sucks more than that moment during an argument when you realize you're wrong.

I totally take back all those times I didn't want to nap when I was younger.

*Was learning cursive really necessary?*

*Map Quest really needs to start their directions on #5. I'm pretty sure I know how to get out of my neighborhood.*

*Obituaries would be a lot more interesting if they told you how the person died.*

*I can't remember the last time I wasn't at least KIND OF tired.*

*Bad decisions make good stories.*

Can we all just agree to ignore whatever comes after Blue Ray? I don't want to have to restart my collection...again.

I'm always slightly terrified when I exit out of Word and it asks me if I want to save any changes to my ten-page research paper that I swear I did not make any changes to.

"Do not machine wash or tumble dry" means I will never wash this -- ever.

*I hate leaving my house confident and looking good and then not seeing anyone of importance the entire day. What a waste. And when I look crappy I run into everyone and their brother!*

*I keep some people's phone numbers in my phone just so I know not to answer when they call.*

*My 4-year old son asked me in the car the other day "Mom what would happen if you ran over a ninja?" How do I respond to that?*

*I think the freezer deserves a light as well.*

*I disagree with Kay Jewelers. I would bet on any given Friday or Saturday night more kisses begin with Miller Lite than Kay.*
